 - Feedback on Revisions
 - Think about how the presenter is going to use the information in the presentation. Connect the pieces
 - Demographic information could be used to back up EI successes
 - Educational success in long term
 - Remove household information
 - Slide 12:
 - Add little lamb
 - More research on ADAPT Community Network
 - Slide 11: reminder slide - *instead of exact copy of previous, could more detailed information be added to this slide now that discussion on topic has begun to further the conversation* (Double check with other partners within field for information)
 - How are we going to use the information the parents give?
 - ‘This is how your stories will help those who come after you’ - Why we are here slide 4 - reiterated in a later slide [Be apart of the change slide 24] to emphasize the point (their feedback / stories are integral to the project and will be used to help those who will go through the process after)
 - If not on this slide extra info can be shared on a later slide
