PROGRAM OVERVIEW

This is a free 30 hour energy efficiency technical training, combined with professional development career advancement support services. The program is delivered virtually, and focuses on energy efficiency, outreach, education and implementation assistance initiatives for small commercial properties.

This program is open to everyone aged 18-25 with a high school diploma or equivalency, regardless of background. All applicants will undergo interviews, evaluations, and a screening/selection process. Space is limited and not guaranteed. Applicants are encouraged to apply early.

LEARN

5 Weeks (30 Hours):

- Real-world application of sustainability policies & standards
- Use of software tools and energy audit processes
