STATEN ISLAND ALLIANCE FOR NORTH SHORE CHILDREN & FAMILIES

V **VARIOUS**
O **OPPORTUNITY**
I **IMPACTING**
C **COMMUNITY**
E **ENVIRONMENT**

Knowledge Sharing WG Agenda

1.30.2025

Welcome

- Ice breaker: If you could have any view from your office window, what would it be?

Annual Report

- Creating a SIA Annual Report
  - NYC level Data
  - Community Level Data
  - SI Alliance Impact Data
- Early Intervention data (children from 0-3 y/o) needed
  - EI ambassador data
- Number of people accessing the hub
- Highlight the things the alliance does that are not as easily translated into data in the report
- Add all necessary data – don't worry about the length of the report (don't focus on making the report short)
- **Data that showcases impact and success**
  - What is the impact that 'we' as a community are making?
- Who is the audience for the report?
  - Funders, potential funders, community members, partners, etc.
- Segment the report – can show specific parts to specific audiences
- ***Content-wise the information needs to be decided by either the Advisory Board or other working groups putting forward what they want to share, and the KS group's job would be to put it together***

Aspire Registry Review

- Some of the sites are registered DOE sites

- o Can get contact information for these sites on myschools
- Collaborative newsletter was sent out to providers through Aspire network
- Reach out to family enrollment center about funding percentages for non-DOE providers
- Enrollment is year-round at DOE schools
- Cross-reference list and filter out providers that SIA is affiliated with

Closing

- Next Meeting: February 28, 2025
